

WESTWATER ANGLING LTD

DATA PROTECTION POLICY

The data held for all categories of membership is the details on the Club's Application For Membership Form. The data is held by The Board Of Directors and managed on their behalf by the office manager.

Data is held to inform members of Club events, rule changes and information updates. It is also held to assist Directors in the planning of club activities and delivery of the Club's high quality offer to the membership.

Members data is not shared with third parties (including other Club members).

Members data is held for the duration of membership of the Club, and is updated whenever a member notifies the office manager of a change to their details.

Membership is protected by the application forms being kept securely. Data is held on the Club's computer at the registered address and by individual Directors and the office manager on their personal computers at their home addresses.

Data on the Club's computer is managed by the office manager which is password protected. Individuals take care to protect data in their possession.

Any queries on the Data Protection Policy should be made to the office manager:
